

Africa University

"We needed a software that can offer interoperability with our existing software, a solution that is customizable to automate our specific requirements. The flexibility & configuration offered by Academia ERP met with every aspect we were looking for and made our administration seamless."

- Richard F. Fotsin

Director, Information and Communication Technology,
Africa University, Zimbabwe

Pressing Challenges

📖 No provision of any online portal for applicants

📖 Challenges with records to manage student campus transfer across various locations

📖 Requirements for Fee integration with SAGE Pastel

📖 Requirements for the multi-currency feature for international students

📖 Need for automated degree audit reports

📖 Inadequate legacy system to manage staff recruitment by the HR department

📖 Difficulty in manual document management with version control

📖 Lack of proper administrative analytical reporting system

Solution by Academia

📖 Implementation of Applicant Portal for applicants to apply online

📖 Customization of Student Management module to manage student campus transfer

📖 Integration of Fee Management Module with SAGE Pastel to manage accounting

📖 Provision to generate personalized invoice & payment receipts in local & foreign currency

📖 Automaton of degree audit report as per their need

📖 Integration of Staff Recruitment features to automate the entire hiring process

📖 Integration of Document Management System viz Alfresco with structured version control

📖 Integration of Analytics Module to aid administrative reporting systems

Benefits

-  Improved and automated application process through the online portal
-  Seamless student fee data migration to the existing system
-  Simplified invoice & receipt management for international students
-  Smart reporting & degree management system with power analytics
-  Improved document management with automation

Institution Profile

Africa University, Manicaland, Zimbabwe is a consequence of the growth of United Methodism in Africa. Bishop Arthur Kulah of Liberia and Bishop Emilio J. M. de Carvalho of Angola took the lead in advocating for 'a university for all of Africa'. Their efforts generated a positive response within the United Methodist Church worldwide and in 1985, the 'Africa Initiative' was born. Africa University aims to provide quality education within a Pan-African context through which persons can acquire general and professional knowledge and skills, grow in spiritual maturity, develop sound moral values, ethics, and leadership qualities.

About Academia

Academia is a leading-edge Student Information System / ERP developed to cater to the needs of 21st century educational institutions. With Academia, all departments, functions, and processes get automated, which leads to better transparency, efficiency, and productivity. The system covers the complete student life cycle from Admission to Graduation, along with administrative processes.
